2.1 English as a Second Language Instruction

In keeping with our mission, the American Academy of English, a private institution approved to operate by the Bureau for Private Postsecondary Education (BPPE), offers programs and classes of instruction in English as a Second Language (ESL). Classes are offered at a variety of levels from Basic Literacy (for students with little or no English background) to Advanced ESL. Test preparation courses in TOEFL and TOEIC are also offered.

2.2 Brief History of the Academy

The American Academy of English is a private institution that first opened its doors in 1982. Today the Academy is part of American L&L Education, Incorporated, a California Corporation committed to educating international students. Since its inception thirty years ago, hundreds of students have attended the Academy and many have gone on to higher education. The Academy bases the quality of its instruction upon its instructors who are all degreed and experienced.

2.3 Institutional Philosophy and Objectives

The Academy respects each person’s dignity and worth and believes that every student is equally entitled to develop their potential. Men and women of all ages, interests and ethnic backgrounds are welcome at the Academy to exchange ideas, enhance their linguistic skills, and gain an understanding of American culture. Education is a process of exploration that involves mutual responsibility. To fulfill this responsibility, the Academy offers a program that is sensitive to the needs of its international students by providing a professional staff dedicated to creating a language learning environment. Students are expected to respond by participating directly in their own education, challenging themselves and fellow students, as well as entering into a cooperative relationship with faculty.

2.4 Policy of Open Communication

The American Academy of English, a private, commercial educational institution, seeks to encourage and facilitate open communication among students, faculty, staff and administration in an effort to promote and enact any necessary improvements so as to enhance the overall educational experience of our student-body. The Academy will publish and disseminate its policies, procedures, and regulations concerning students, including those stating academic requirements and standards of student conduct, as well as any other information deemed to be important for the protection of all members of the Academy community.

2.5 Anti-discrimination Policy and Mutual Respect
The Academy prohibits discrimination in any form in employment practices and in the educational program. Specifically, it prohibits discrimination on the basis of age, gender, race, color, ancestry, national origin, religion, sexual orientation, physical or psychological handicap, medical condition, or marital status. The Academy shall take all steps necessary to provide a positive educational and employment environment.

2.6 Our Educational Goal

Our primary educational goal is:

To help our students acquire both the English language skills and the knowledge of American culture necessary to achieve their personal, professional, and academic goals, which may include entering institutions of higher learning in the United States.

2.7 Visa

❖ **F-1 Visa:** A visa represents permission from the U.S. State Department for you to enter the United States for a particular purpose (i.e. study, work, visit, etc.). In the past, visas were rubber-stamped on the passport page with multi-colored ink. Presently, a machine-readable, label-type of visa with your photograph is issued by the U.S. embassy or consulate overseas. You used the visa to enter the U.S. Your visa is numbered, and shows your name, the visa category (for example, F-1), the date and place of issue, the expiration date, and the name of the consular official who issued it.

❖ **English Language Services:** In keeping with our mission, the American Academy of English offers programs and classes of instruction in learning English as a Second Language. Classes are offered at a variety of levels, from Basic (for students with little or no English studies background) to Advanced. Test preparation courses in TOEFL and TOEIC are also available.

❖ **Vouching for Student Status:** Students entering the United States on our student visa, or transfer students into our program, also on our student visa: we will vouch for their student status to the United States Customs and Immigration Service (USCIS) at no cost to the student.

❖ **English Language Proficiency Required:** To be accepted into the program, no proficiency in English is required; however, to move through the program, certain levels of English language proficiency must be achieved as students move from level to level.

The Focus on Grammar series by Pearson-Longman is used throughout the program as is the University of Michigan Press, Words for Students of English series. (Complete list of textbooks available upon request.)
TOEIC Test Center

The Test of English for International Communication (TOEIC) measures the ability of non-native English speaking examinees to use English in everyday workplace activities. The two hour test consists of 200 questions evenly divided into listening comprehension and reading comprehension. Students wanting to take the TOEIC should register for the test with the Admissions Office. The Academy is an official TOEIC test center.

iBTOEFL Test Center

The iBTOEFL test measures the ability of non-native speakers of English to use and understand English as it is spoken, written and heard in college and university settings. The American Academy of English is an official iBTOEFL test center. However, due to the number of computers we have available, students need to register early if they want to take the test here at the Academy.

Institutional TOEFL Test Center

Students attending the Academy may also register to take the Institutional (Paper-Based) TOEFL test. This test is offered on campus every semester and is accepted by most junior colleges in the Bay Area. The paper-based TOEFL is a little different from the iBTOEFL in that it also tests grammar, vocabulary, listening and reading comprehension. The Academy is an official ETS test center for both the iBTOEFL and the Institutional TOEFL test.
3.1 Admission Policy

The Academy's instruction and services are available to all international students who might benefit. Our focus is on educating students whose native language is not English. As an English as a Second Language Program, the Academy has open enrollment and no TOEFL entrance score requirement, so all international students may attend. Minimum Level of Education Required for Admission: None.

The American Academy of English will admit any student who fits the following criteria:

1) Student applicants must be native speakers of languages other than English. (i.e.) non-native English speakers.
2) Student applicants must be at least fifteen (15) years of age.
3) Student applicants may possess any level of English language proficiency.
4) Student applicants must possess a U.S. government approved I-20 issued by the American Academy of English or have demonstrated legal presence in the United States.
5) Student applicants must exhibit sufficient funds as required by the U.S. Department of Homeland Security for living and studying in the United States as students.
6) Student applicants must provide a high school diploma, or the equivalent, or higher diploma prior to enrollment. If such documentation is unavailable, the student must take an ability to benefit test.

3.2 Acceptance of Credits Earned at Other Institutions or through Challenge Exams (Transfer In)

The American Academy of English does not accept credits earned at other institutions nor does it award credit for prior experiential learning. All students entering the American Academy of English must take the University of Michigan English Placement Test for placement in our program.

3.3 Admissions Requirements for “Ability to Benefit” Students

Student applicants who cannot provide a high school diploma, or the equivalent, or higher prior to enrollment must take an ability to benefit test.

3.4 Transfer Agreements with Other Institutions

Transfer agreements are designed to build strong partnerships between ESL schools and two-year community colleges and sometimes four-year universities. A transfer agreement usually provides a simplified, guaranteed transfer process for transfer students. The American Academy of English has several transfer agreements in place. The following community colleges and universities have agreements with the Academy: College of San Mateo, Peralta College District, Canada College, Foothill College, De-Anza College, City College of San Francisco, Northern California Polytechnic, Lincoln University, Seattle Central Community College, Gurnick Medical Arts, Notre Dame de Namur University, Canada College. These colleges will accept our students who have completed the advanced level of our English as a Second Language (ESL) Program without requiring the TOEFL test.
3.5 Level of English Language Proficiency Required to Enter the Various Courses

As many of our students are just beginning their study of English, we have no entrance requirement regarding placement test scores to enter our English as a Second Language (ESL) Program at the Basic Literacy level. Progression through the program, however, requires certain test scores on the University of Michigan English Placement Test. Our program is total immersion and we are able to handle the most advanced of students as well as students who have had little or no previous English training. In the admissions process the Academy uses the University of Michigan English Placement Test to place students at their level. For scores on the University of Michigan English Placement Test required for admittance into the various ESL levels of classes including TOEFL and TOEIC preparation, see Table 1.

In the TOEFL course of study, students are introduced to the overall format of the test, the types of questions they can expect in each section, strategies and guidelines for selecting the best answer, and practice testing. No equipment necessary for students to purchase to take these classes, however, there are required textbooks. And remember - the American Academy of English is an official **Educational Testing Service (ETS) TOEFL Test Center**...you can take the official iBTOEFL or Institutional TOEFL Test right here! **Total Hours to Complete this Course: 432.** Eighteen (18) hours of instruction per week; Total length of program: 24 weeks. TOEIC - the internationally recognized standard test of English proficiency in the business world. Students focus on the skills needed to achieve a high score. **Prerequisite:** University of Michigan English Placement Test Score: 48.
4.2 Level Completion

Level completion shall occur when a student has finished a minimum course load of one level with a C- average (or above), attended at least 80% of that level; and (for Beginning through Intermediate levels), achieved a Michigan English Placement Test score that places the student into the next level. Fulfillment of these requirements entitles a student to a Certificate of Completion for that particular level of study. (Includes the Basic Level, Beginning Level, Intermediate Level, Advanced Level, and the TOEFL/TOEIC Program).

4.3 Program Completion

Program completion shall occur when a student leaves the Academy having completed a minimum of one or more levels with a C- average (or above); and when a student has a cumulative attendance record in a program of at least 75% of 432 clock hours. Such students are entitled to receive a Certificate of Completion indicating the highest level completed. If a student leaves before the end of a semester, they do not get a Certificate of Completion and must file a withdrawal form.

4.4 Time Normally Required for Completion of a Program

Students learn at different rates. While some students seem gifted at language learning, others need to put more time and effort into the process. Students entering the Academy with little or no English language ability may be in the entire program for three years (assuming they start at Basic Literacy in ESL (ESL 100) and progress to the most advanced level). Each course runs for 24 weeks, but a student may remain in a course for two or even three semesters before moving on to the next level. Promotion to the next level depends upon the score a student gets on the University of Michigan English Placement test which is given every 3 months. Even at the most advanced level, (the TOEFL preparation course for example) some students will learn enough English to reach their TOEFL score goal in three months while others will require six or even nine months of training and practice to get to the score they want. Students may repeat a course at the discretion of their instructor or Chief Academic Officer, if either feels the student can benefit. Remember that the length of time it takes to learn English depends on a number of factors: 1) the level you are at when you start; 2) the level at which you want to finish; 3) how good a natural language learner you are; 3) how motivated you are; 4) how intensively you are studying (how many hours per week); 5) how much of your non-studying time you are spending reading, conversing in English, and studying.

4.5 Workshops

The Academy offers optional workshops each semester on a rotational basis. Students may enroll in one, two or more optional workshops at no extra charge each semester. Optional workshops which may be offered include: Accent Reduction, Conversation, American Slang, ESL through Music, Public Speaking, Exam Preparation: Speaking, and Business English.

---

2 See Policy and Procedures Manual #307.3 “Minimal Attendance Requirement and Minimal Course Load for Program Completion.”

3 All workshops are conducted in the English language.
4.6 Student Assessment Policies, Grading Policy

Students are assessed regularly on their acquisition of English each 3 months through the administration of achievement tests and standardized tests. Furthermore, students are individually assessed by their instructors for each class and course of study. Each semester, students receive a course grade along with an evaluation of their general proficiency levels in all four language skills. Students are given a letter grade at the end of each quarter. Passing grades range from A to C- (A = excellent; B = good; C = satisfactory).

Plus and minus grades (e.g. A- B+) are also given. An “I” (incomplete) is given to students who fail to attend class enough hours to receive a passing grade. Grades are based on three factors: 1) attendance (10%); 2) participation (45%); and 3) performance (45%) on class exercises and tests. The NAFSA Proficiency levels are used to gauge overall student ability in reading, writing, vocabulary, aural comprehension, and speaking. An “A” student meets all of the criteria listed at his/her proficiency level at least 90% of the time; a “B” student meets all the criteria listed at his/her proficiency level at least 80% of the time; a “C” student meets all of the criteria listed at his/her proficiency level at least 70% of the time. Students who consistently arrive more than 10 minutes late and/or leave more than 10 minutes early will lose attendance points. Students who are not satisfied with their grades on tests will be given the opportunity to re-take the tests and only their final test grades will be used in calculating their course grade.

4.7 Advancement in the Program (Performance and Completion Standards)

There are four evaluation tools that set the performance and completion standards for courses. These tools are the University of Michigan English Placement Test, the Comprehensive Adult Student Assessment System (CASAS), the CIEP English Proficiency Chart published by the National Association of Foreign Student Advisors (NAFSA), and the instructors’ Report Card for each student.

The University of Michigan English Placement Test and CASAS supply test score rankings for entrance and exit requirements of each level. NAFSA’s CIEP English Proficiency Chart establishes a standard for qualitative evaluation of a student’s performance in different skills. In order to progress to the next level or complete the program, students need passing test scores and a “C-” average on their coursework in addition to an English Placement Test score that places the student into the next level. Instructors inform their students of these passing requirements the first day of class in their introductory presentations of the course and its materials, and reiterate these requirements periodically throughout the semester. All requirements are also published in written form in the syllabus for all courses. Instructors and/or the administration distribute syllabi on the first day of each class and answer any questions students may have.

For the TOEFL preparation course, the University of Michigan English Placement Test is the only test used for performance evaluation. For this test, there is no minimum score established or accepted by the Academy for course completion standards. Instead, since the TOEFL course is in preparation for admission into institutions of higher learning, the students’ chosen institute of higher learning determines the minimum score acceptable for any particular student’s completion of the TOEFL course. In other words, TOEFL students set their own pace and goals based upon where they want to continue their education and training. In the TOEFL course, instructors are aware of the students’ chosen institution of higher learning and individually discuss their testing goals in the first week of class and throughout the course. The Academy also offers a TOEIC preparation course that is an
alternative to the TOEFL class. This course’s performance and completion standards are based on the students’ individual needs similar to the TOEFL course. TOEIC has a set of levels from AAA (Academic) to D (Beginning); however, B, C, and D levels are not taught because the skills and materials are covered in other courses. TOEIC test scores can also be used to assess students’ performance and completion standards. TOEIC scores are actually sometimes accepted in lieu of TOEFL scores for graduate work, particularly in the field of Business Administration.

4.8 Number of Students in a Typical Class/Maximum Student -Teacher Ratio

The number of students in a class varies according to season. In the fall, classes are usually smaller than they are in spring and summer. Normally, a class will not have less than 17 students or more than 25.

4.9 Make-Up-Work Policy

Students who are behind in their work or assignments should contact their instructors. Make-up work policies at the Academy are established by individual instructors for the courses they teach.

4.10 Certificate of Completion

All students at the Academy are expected to meet attendance requirements, complete required assignments, and cooperate with instructors and classmates in maintaining a good learning atmosphere. Students who meet these requirements in the English as a Second Language (ESL) Program receive a Certificate of Completion upon finishing their studies at the Academy.

4.11 Occupations to Which Courses May Lead

The programs offered by the Academy are not designed to lead to positions in a profession, occupation, trade, or career field requiring licensure in this state.

4.12 Retention of Student Records

The American Academy of English maintains student records for a period of not less than five years at its principal place of business in San Francisco, California. These records are available during normal business hours for inspection and copying by the BPPE, the Attorney General, or other government agency and contain all of the following: (1) The name and addresses, both local and home, of each of its students; (2) original application, (3) copy of student passport and visa, (4) copy of bank statement (5) record of attendance.

5.2 Federal, State or Other Financial Aid Programs

The American Academy of English does not participate in either federal or state financial aid programs. Nor do we participate in any other form of financial aid program. (*Policy and Procedures Manual: Policy 287*)

5.3 Student Responsibility to Repay a Loan

If a student obtains a loan to pay for our educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If a student has received federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal student financial aid program funds.

5.4 Total Charges for Entire Educational Program

Total charges for an entire educational program will vary according to the number of semesters or fraction thereof a student remains in the program. Some students come for just the summer and stay for 3 months; others may stay for one, two or three years as they work their way through the entire program.
6.1 Counseling

Our academic and personal counseling service is available to students at any time during office hours, and instructors remind students of its usefulness, especially when a student nears the completion of a program. Academic advancement and achievement are the primary areas of academic counseling. Guidance in university or college selection and assistance with admissions procedures are common examples of academic counseling issues.

Personal counseling covers a student's experience that involves personal issues either inside or outside the classroom. These experiences may be either completely independent of or directly related to academic issues. The key to this type of counseling is a commitment to the student's wellbeing, respect for the student, and an equitable resolution. All counseling, either personal or academic, is confidential.

6.2 Student Cafe/Lounge

Located on the first floor near the entrance to the building, the student cafe/lounge is a super convenient way to spend half an hour between classes or dash in and out for a quick cup of coffee. The cafe offers a wide section of teas, sodas, and other beverages, as well as breakfast muffins, pound cakes, and Italian specialties.

6.3 Field Trips

Every month students take field trips around the Bay Area. Often students visit the Asian Art Museum, San Francisco City Hall and the Exploratorium at the Palace of Fine Arts, pictured below. The Palace of Fine Arts, in the Marina District of San Francisco, is a monumental structure originally constructed for the 1915 Panama-Pacific Exposition in order to exhibit works of art. One of only a few surviving structures from the Exposition, it is the only one still situated on its original site. It was rebuilt in 1965, and renovation of the lagoon, walkways, and a seismic retrofit were completed in early 2009.
In addition to organized field trips, San Francisco offers students opportunities to visit interesting and educational attractions on their own. Within the city limits and accessible by public transportation, these attractions include the San Francisco Public Library, Alcatraz, the Cable Car Museum, Golden Gate Park, the Asian Art Museum, the DeYoung Museum, the Palace of the Legion of Honor, the San Francisco Museum of Modern Art, Fisherman's Wharf, the Ferry Building, and much more.

6.4 Health Insurance Plans

Students from abroad should consider purchasing health insurance. Designed specifically to meet the health insurance needs of international students, these insurance companies offer a variety of valuable services including helping you locate a doctor, covering prescription drugs, and learning about safety advisories. All of these programs have competitive pricing and most have monthly payment options to fit every student budget. Remember, seeing a doctor in the U.S. is very expensive and many students don’t think about medical coverage until it’s too late and they need to see a doctor. Get medical insurance now and take the worry of seeing a doctor off your mind.

*Health Brochures available to Students at the Front Desk*
6.5 AAE Students Pursue Higher Education

Every three months representatives from local colleges and universities visit the Academy to inform our students of what university programs they can pursue after finishing their English studies. Here, representatives from De Anza College, Foothill College, the College of San Mateo, and Notre Dame de Namur University address our student body.

6.6 Job Placement Assistance

The American Academy of English does not provide job placement assistance, as most of our students are here in the United States on F-1 student visas. To maintain F-1 student status, students must not engage in work unless specifically authorized by the United States Citizenship and Immigration Service (USCIS) or unless they are working on campus. The Academy in no way guarantees employment after graduation.
7.1 Housing Assistance - The Academy Provides Limited Assistance Only

Student services at the Academy include limited assistance in finding student housing in San Francisco as the Academy assumes no responsibility in finding or assisting a student in finding housing. Although the Academy does not have dormitories for its students, we will provide contact information to a home stay placement service and names of local residence clubs, but students must connect with them directly and make their own housing arrangements. To obtain this list contact the administrative staff. Phone: (415) 567-0189, e-mail: esl@aae.edu

For students wishing to live in a residence club, the Academy recommends they stay at the Vantaggio Suites, a few blocks from school. Students should expect to pay $650/month for a shared room, $1100/month for a single. Ask for our housing brochure.

Please request a copy of our Housing and Accommodations Brochure for more ideas, as well as possibilities of living with host families. The brochure provides suggestions and lists of Student Rate Hotels, Residence Clubs, Short-Term Apartments, American Host Families, Home stays, Hosteling, and finding your own apartment.
8.1 Computer Lab w/Internet Access

Our computer lab is located on the second floor and offers open Internet access during normal school hours when not used for classes. The lab includes fifteen (15) workstations, one networked laser printer, and various software programs. Classes, such as our iBTOEFL Test Preparation Course often use the lab to take practice TOEFL tests. Other classes also use the lab to do research on writing assignments. Accent reduction software programs help students improve their pronunciation. The lab is also used to take the Educational Testing Service (ETS) iBTOEFL test, as we are an official ETS - TOEFL Test Center. Students often use the lab to keep in touch with friends and relatives abroad.

8.2 Faculty Library

The faculty library contains hundreds of books, many newly published, for teachers to use as resources for their classes. Books are conveniently arranged according to skill.

8.3 San Francisco Public Library

At a cost of $105 million dollars, San Francisco's main public library is located approximately three blocks from the Academy. It offers 200 computer workstations with Internet access. The library hosts an assortment of events, exhibits, and classes. They have an extensive English as a Second Language (ESL) collection that includes books on vocabulary building, English grammar, and writing. The Academy makes frequent field trips to the library for tours to acquaint our students with their services.
9.1 Student Responsibilities

Learning a language is hard work. In an intensive program, students must be prepared to put a lot of time and energy into learning English, both in and outside of class. All students at the Academy have the following responsibilities:

- Attend every class every day in its entirety and arrive on time;
- Be active in class:
  - Ask questions;
  - Offer ideas and opinions;
  - Listen to classmates;
  - Let your teacher know when you do not understand;
  - Do not be afraid to make mistakes;
  - Participate in pair and small-group speaking activities to increase fluency;
- Speak English at all times during and after school;
- Speak with and try to understand students from different cultures with different communication styles;
- Take all quizzes and exams;
- Balance social activities with schoolwork;
- Talk to the teacher if you have problems or questions about a class;
- Help teachers make the classes interesting and productive.

If you follow these rules, you can expect your English to improve rapidly.

9.2 Rules of Student Conduct

The American Academy of English requires that each student and staff member adhere to acceptable standards of personal conduct. (Violation of 9.2; 9.3; 9.4 may lead to suspension, probation, dismissal or expulsion.)

❖ Sexual Assault

The Academy will not tolerate any form of sexual assault or sexual harassment on Academy property or at any Academy sponsored event. The Academy realizes that these situations may or may not be deemed criminal offenses and so may have to be handled both internally by administrative action and externally by the appropriate law enforcement agency. Internally, disciplinary sanctions may include suspension or expulsion for students or suspension or termination for employees. If the victim decides to report the incident to the appropriate law enforcement agency, the Academy will make every effort to insure that it will be handled in the most private and confidential manner possible.
9.3 Drug and Alcohol Policy

The unlawful possession, use, or distribution of any illicit drug or alcohol by students or employees on Academy property or at Academy sponsored events is prohibited. Violation may constitute criminal conduct, which could result in criminal prosecution under state and/or federal law. It is the policy of the Academy to impose appropriate disciplinary sanctions on employees and students for the unlawful possession, use, or distribution of illicit drugs or alcohol. Appropriate disciplinary sanctions may include suspension or expulsion for students or suspension or termination for employees.

9.4 Sexual Harassment

Students, instructors, staff and visitors must be able to study and work in an atmosphere of mutual respect and trust. It is the policy of the Academy to provide an educational environment free of unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment as defined and otherwise prohibited by Federal and State law. Sexual harassment may include, but not be limited to:

- Conduct that is explicitly or implicitly made a term or condition of an individual’s employment or education.
- A decision based on the submission to or rejection of a sexual advance.
- Verbal or physical conduct of a sexual nature that interferes with an individual’s performance or creates an intimidating work or educational environment. Immediate action shall be taken against individuals determined to be in violation of this policy. Any individual who believes that he or she has been a victim of sexual harassment should file a complaint within one year of the alleged unlawful discrimination or within one year of the date on which the complainant knew or should have known of the facts of the sexual harassment incident.

9.5 Nonsmoking Policy

Smoking shall be prohibited in all enclosed facilities owned by, leased by, or under the control of the American Academy of English without exception. This includes common work areas, classrooms, conference and meeting rooms, private offices, elevators, hallways, cafeteria, employee lounges, stairs, restrooms, and all other enclosed facilities. Smoking shall be prohibited in vehicles which are used to transport students or which are operated in the course of employment for the use of more than one person at a time during the time of employment.

9.6 Attendance Policy

Satisfactory attendance is the responsibility of the individual student. Students are encouraged to attend all classes, not only because they are responsible for material discussed therein, but also because active participation is frequently essential to insure maximum benefit for all members of the class. Another reason that students should attend all class sessions is to ensure compliance with U.S. Citizenship and Immigration Services (USCIS).

Failure to attend classes does not guarantee that a student will be automatically dropped from the class roster. If students have been out of school for one or more days, they should report to their instructors upon their return to inquire about making up lost work. Students who know that they will miss one or more classes
should inform their instructors in advance. We understand that absences are sometimes unavoidable. Therefore, students are allowed a maximum of 20% absence per semester for personal leave. Personal leave may be used for illness, important personal business that cannot be conducted outside of class hours, taking the TOEFL, religious observances, etc.

9.7 Attendance Requirements to Maintain Enrollment Status in Good Standing w/USCIS

Most students attending the Academy are in the United States on F-1 student visas. U.S. Citizenship and Immigration Services (USCIS) require students on F-1 visas to attend a full course of study. They must attend classes 18 hours a week to maintain student status. Any F-1 student not attending the required number of hours can be considered out of status, and thus ineligible for transfer to other programs. This could lead to deportation and being banned from entering the United States for five to ten years. Names of students not in attendance and their admission numbers will be turned over to U.S. Citizenship and Immigration Services (USCIS) upon their request. If students have an excused absence it is their responsibility to inform their instructor and the administration. It is also their responsibility to provide documentation, such as a doctor’s note that excuses their absent day(s), to the administration in a timely manner.

9.8 Tardiness and Early Departures

A student shall be considered tardy if he comes to class ten minutes late. A student will be considered to have taken an early departure if he/she leaves ten minutes before class is scheduled to end. Two instances of tardiness or early departure will equal one absence from class.

9.9 Drop-Out, Leave of Absence and Vacation Policies

❖ Withdrawal

A student will be considered to have withdrawn from school only if he or she has first written a letter expressing this intent, addressed to the Academy, indicating the date he/she intends to withdraw. Any student withdrawing from school must return all materials (textbooks) lent to him/her during his/her stay at the Academy. (See Cancellation, Withdrawal and refund Policies pg. 48).

❖ Leave of Absence and Vacation Period

According to the Department of Homeland Security, students attending a consecutive nine (9) months of classes may take one annual vacation. To take such a vacation, students must:

1) Request a vacation/leave of absence in writing in advance of the beginning date of the vacation/leave, unless unforeseen circumstances prevent the student from doing so. The vacation/leave of absence should be requested at least two weeks prior to taking the vacation.

2) Students may take a leave of absence (a) in emergency situations such as a serious illness or death in the immediate family. The leave is not to extend beyond 50% of the length of the period for which the student applied; (b) a student may take a three-month vacation after nine consecutive months of study; an extended absence whether for a leave of absence or vacation (more than 4 weeks) may require retesting upon reentry into the program.

3) Students must sign and date a Leave of Absence Request and specify the reason for the leave.
4) In signing the Leave of Absence Request, students must attest to understanding the procedures and implications for returning or failing to return to his/her course of study.

5) The Academy shall document their approval of the leave of absence request in accordance with its published policy.

6) The Academy shall not assess the student any additional charges as a result of the leave of absence.

7) An approved leave of absence may be extended for an additional period of time provided that the extension request meets all the above requirements, and the total length of the leave of absence does not exceed the specified limit, as noted in item or # 2.

9.10 Academic Probation, Suspension, Dismissal/Termination and Re-admission Policies

❖ Academic Probation

The purpose of Academic Probation is to notify a student when his or her behavior or academic progress is below standard, and to put into motion a plan for correction. The student will receive written notification stating the unsatisfactory status and the correction required.

A student may be placed on Academic Probation for any of the following reasons:

• Not conducting oneself in a professional and responsible manner and/or failing to follow the policies and procedures of the school.

• Failing to complete a required evaluation or failing to pass a course.

• Failure to meet attendance standards.

When a student receives a failing grade, support is available as follows: First, the student meets with his or her instructor to plan a strategy of preparation to retake the test or redo the assignment. Strategies may include further study, improved study techniques, additional or alternative testing methods, or other recommendations. Once a strategy is selected, the student agrees to do his or her part. Be proactive. As soon as you are aware that you might be falling behind or are in need of additional support, please inform your instructor, and/or someone in Student Services.

Academic Probation is for a period of one term. During this time, the student is required to correct the behavior and/or complete all outstanding evaluations, tests, and assignments. Failure to do so may result in dismissal.

❖ Probation, Suspension and Dismissal

Any student, for good cause, may be put on probation, suspended or dismissed by the Director or given a lesser sanction for one or more of the following reasons which must be school related:

1) Obstruction or disruption, on school property, of the educational process, administrative process, or other school function.

2) Physical abuse on or off school property of the person or property of any member of the school community or of their family, or the threat of such abuse.

3) Theft of, or non-accidental damage to, school property, or property in the possession of, or owned by, a member of the school community.
4) Continued willful disobedience, habitual profanity or vulgarity, open and persistent defiance of
the authority of school personnel.
5) Sexual assault, including rape.
6) Unlawful use or possession of drugs, alcohol and/or firearms on school premises.
7) Sexual harassment or bullying. (See Policy and Procedures Manual for more on this.)

The Director shall make a written report to the Board of Directors that contains the following information. (A
copy should be given the student no later than the first day of his/her return to class.)

1) A statement of the facts, the violation(s), date, time, and place.
2) Name and statement of violating student(s).
3) Name and statement of witness(es).
4) Sanction imposed.

❖ Long Term Suspension/Dismissal - Termination

Only the Director or his designated representative may suspend/dismiss or terminate a student for more
than two days. Within ten (10) days after the interim suspension/dismissal/termination, the student shall be
notified by the Director, via certified mail, of the following: (1) Reason or reasons for suspension/dismissal/
termination; and (2) The right to appeal the suspension/dismissal/termination. Students may appeal
dismissal actions by following the Complaint Procedure stated in this catalog.

❖ Appeal Process

Based on extenuating circumstances, a student may appeal the determination of probation, dismissal, and/
or termination status. To submit an appeal, follow AAE’s formal complaint procedure (please refer to the
information in “Complaint Procedure”).

❖ Re-Admission Policy

Students dismissed from school for lack of satisfactory progress, or for other reasons, may apply to be re-
admitted to AAE. AAE reserves the right to grant or deny a request to re-enter the program based on the
applicant’s ability to complete the program, the nature of his/her initial dismissal or withdrawal and
outstanding tuition balance owed to the school.

If the application is approved, AAE will determine the point of entry into the program based on the student’s
previous accomplishments. This means that the student may re-start from where he/she left off in the
program or may be required to repeat all or portions of the program based on the applicant’s competency
and length of leave.

Tuition is calculated based on the point of re-entry, prorated on the amount of credit hours needed to
complete the program. Applicants will also be required to purchase applicable books and supplies, if it is
determined that they are needed, and an administrative fee of $100. The administrative fee must be paid
when the application is submitted prior to receiving approval to start attending classes.
9.11 Summary of the Penalties for Violation of Federal Copyright Laws

Unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, may subject students to civil and criminal liabilities. Students should be aware, however, that not all uses of copyrighted materials are illegal. The U.S. Copyright Act allows for the copying and distribution of copyrighted materials when such use satisfies the requirements for "fair use." More information about fair use can be found at the MIT Libraries.

As required by the HEOA, the penalties for violation of Federal copyright laws are summarized as follows.

If there is infringement, Section 504 of the U.S. Copyright Act gives the copyright holder the choice of recovering the following: The copyright owner’s actual damages and any profits of the infringer; or statutory damages, ranging from $750 to $30,000 for each copyrighted work that is infringed. If the copyright holder can prove that the infringement was committed “willfully,” a court has the discretion to increase statutory damages to $150,000 per copyrighted work.

As a general rule, to qualify for statutory damages, the copyright holder must have registered the infringed work with the U.S. Copyright Office prior to the date of the infringement. If the work was not previously registered, then the copyright holder can only recover actual damages and the infringer’s profits. If the work was registered with the U.S. Copyright Office prior to the infringement, Section 505 of the Copyright Act also gives a court the discretion to award reasonable attorney’s fees and court costs to the copyright holder.

Sections 502 and 503 of the Copyright Act detail other civil remedies, including a court order barring the infringer from making further copies and an order to seize and destroy unauthorized copies.

Section 506 of the Copyright Act and Section 2319 of Title 18 of the United States Code authorize criminal liability for willfully infringing copyright under the following circumstances:

If the willful infringement was for purposes of commercial advantage or private financial gain;
If the willful infringement involved the reproduction or distribution during any 180-day period of one or more copies of one or more copyrighted works that have a total retail value that exceeds $1,000; or
If the willful infringement involved the distribution of a work being prepared for commercial distribution, by making it available on a computer network accessible to members of the public, if the infringer knew or should have known that the work was intended for commercial distribution.
Criminal penalties can include fines as well as imprisonment for up to five years. Imprisonment can be for up to ten years for a second or subsequent offense.

10.2 Student Rights to Access their Own Files and Release of Student Information

As an AAE student, you have the right to inspect and review your educational records, to request corrections or deletions, and to limit the disclosure of your records in accordance with the Family Educational Rights and Privacy Act.

To access your files, send or deliver a written request to the Director. A time will be arranged for you to view your files.

Upon written request, the Registrar will provide you with an official transcript. For each student granted a certificate, permanent records of all of the following are maintained: a) the certificate granted and the date on which that certificate was granted, b) the courses on which the certificate was based, and c) the grades earned by the student in each course. Please allow four weeks for processing your request. There is a service charge for documents requested. In accordance with California BPPE regulations, AAE reserves the right to withhold transcripts from students who are not current with their tuition payments.

Unless otherwise requested, AAE may release to the public certain directory information pertaining to its students. This information can include any or all of the following: student’s name, address, phone number,
photograph, academic program, and dates of attendance. Students who do not wish this information to be released should inform AAE in writing.

10.3 Student Rights and Responsibilities Concerning Health

Individuals who elect to become Academy students have the right to a healthy, safe and drug-free environment. Students have personal responsibilities with regard to their own health and safety and the health and safety of the academic community.

Academy students will:

- Not attend class if they have a contagious condition (measles, hepatitis, etc.). Not attend class if they are under the influence of alcohol or illicit drugs.
- Notify Admissions if they will be absent for a week or more due to an illness.
- Observe sound personal hygiene habits.
- Obtain a physician's note and cooperate openly and honestly with school officials about medical problems that may threaten the health and/or welfare of self or others.

10.4 Student Rights to File a Student Grievance or Complaint

The purpose of these procedures is to provide every student with a prompt and equitable means of seeking an appropriate remedy for any alleged violation of his or her rights on campus. The student grievance procedure adhered to is that described in section 73770 of Title 5, California Code of Regulations. A student may lodge a complaint orally or in writing to any teacher, administrator, staff member or counselor. These persons will register the complaint as soon as possible with the Director who will then investigate the complaint thoroughly, interviewing all people involved and reviewing all documents that relate to the complaint. The Director has the authority to reject the complaint if it is determined to be unfounded, or to compromise or resolve the complaint in any reasonable manner, including the payment of a refund.

The Director will then record a summary of the complaint, its disposition, and the reasons; place a copy of the summary, along with any other related documents, in the student's file and make an appropriate entry in the Log of Student Complaints as required by law. The student's participation in the complaint procedure and the disposition of a student's complaint does not limit or waive any of the student's rights or remedies. All complaints shall be responded to within ten (10) days from the receipt of the complaint.

❖ Informal Resolution: Definition of Grievance

A student who believes that he or she has been wronged by an act of the Academy must make a reasonable, good faith attempt to resolve the problem on an informal basis. Any appropriate administrator, faculty member, staff member, or student representative may be invited to participate and assist in achieving an amicable resolution. If the matter cannot be resolved informally, the student may file a formal grievance. A formal grievance is a written allegation by a student alleging that he or she was directly wronged by a
grievable action of the Academy. A grievable action is any action that violates an established rule or regulation of the Academy or any law that protects student rights.

❖ Filing of Formal Grievances

All formal grievances must be submitted on a Standard Grievance Form and must include specific details regarding the events involved and the rule, regulation, or law alleged to have been violated by the Academy. Full factual data (including names, dates, times, records, etc.) should be reported to support the allegations of the grievance and to make an impartial investigation and decision possible. A faculty or staff member of the student’s choice may assist the student in preparing the grievance form but will not necessarily act as an advocate for the student. (Grievance forms are available at the front desk.)

❖ Formal Complaint Procedure

Should a problem arise during your training with us, we want to work with you to find a fair solution. Here is the procedure to follow:

1. Write the complaint on a Standard Grievance Form — or in a letter — and include the following information:
   a. The nature of the problem
   b. The approximate date that the problem occurred
   c. The name(s) of the individual(s) involved
   d. Key information regarding the problem (facts, not rumors, are necessary for finding solutions)
   e. Your signature and the date.

2. Send or deliver the Grievance Form or letter to the Director, or deliver it to a Student Services staff person. Retain a copy for your records.

3. An appropriate party will respond to your complaint in writing, meet with you if necessary, and make every effort to find a fair solution.

4. If, after hearing the response, you do not feel you have a resolution to your problem, send or deliver a copy of your grievance along with a written explanation of what has occurred to AAE’s Executive Director. Retain a copy of the written explanation for your records.

5. Upon receiving the complaint, the Executive Director will make every effort to find a fair solution and will notify you in writing and/or will meet with you to discuss his decision within two (2) weeks of receipt.

❖ Time Limit on Filing a Grievance

To be timely, a grievance must be filed with the Director no more than twenty (20) calendar days after the grievant learned of the event on which the grievance is based. If the grievance is based on a series of events, over a period of time, the grievance must be filed no more than twenty calendar days after the
grievant learned or reasonably could have learned of the most recent of those events. In no case, however, shall the grievance be timely, if it is filed more than one year after the occurrence of the event or events upon which it is based, regardless of the date of discovery of the event or events.

❖ **Bureau for Private Postsecondary Education (BPPE) Complaint Procedure**

   d. Evidence demonstrating that the institution's complaint procedure was followed prior to contacting ACCET;
e. The name and mailing address of the complainant; if the complainant specifically requests that anonymity be maintained, ACCET will not reveal his or her name to the institution involved.

(94909(a)(8)(B))

A. The amount owed equals the weekly charge for the program (total institutional charge, divided by the number of weeks in the program), multiplied by the number of weeks student attended, or was scheduled to attend, prior to withdrawal. Any day attended during a week will constitute a full week attended.

B. All amounts paid by the student in excess of what is owed as calculated in (A) above, shall be refunded.

C. For purposes of determining a refund under the Act, a student shall be considered to have withdrawn from an educational program when he or she withdraws or is deemed withdrawn in accordance with the withdrawal policy stated in the school catalog. 6 (94920(d)).

D. The bureau may adopt by regulation a different method of calculation for instruction delivered by other means, including, but not necessarily limited to, distance learning.

Cancellation of a Course or Program by the Academy

If the Academy cancels or discontinues a course or educational program, the Academy will refund all unearned institutional charges paid to the Academy.

Non-Refundable Charges

Refund Policy for the Return of Unearned Institutional Charges

All refunds will be made by check. No cash refunds will be issued. The Academy shall pay refunds within 45 days of a student’s cancellation, withdrawal or the Academy’s cancellation of a course or program. (94920(e))

Educational Program is identified as one semester (24 weeks), or the length of time for which a student registers, whichever is less.

12.1 Students Rights Under the Student Tuition Recovery Fund (STRF)

It is a state requirement that a student who pays his or her tuition is required to pay a state-imposed assessment for the Student Tuition Recovery Fund.

❖ Purpose of Fund and Operation

The Student Tuition Recovery Fund (STRF) was established by the Legislature to protect any California resident who attends a private postsecondary institution from losing money if he/she prepaid tuition and suffered a financial loss as a result of the school closing, failing to live up to its enrollment agreement, or refusing to pay a court judgment.

❖ Requirements for Filing a Claim

To be eligible for STRF, you must be a “California resident” and reside in California at the time the enrollment agreement is signed or when you receive lessons at a California mailing address from an approved institution offering correspondence instruction.

To qualify for STRF reimbursement you must file a STRF application within one year of receiving notice from the Bureau that the school is closed. If you do not receive notice from the Bureau, you have four (4) years from the date of closure to file a STRF application. If a judgment is obtained you must file a STRF application within two (2) years of the final judgment.

It is important that you keep copies of the enrollment agreement, financial aid papers, receipts or any other information that documents the monies paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education:

Email: bppe@dca.ca.gov
12.2 Student Tuition Recovery Fund Disclosures.

You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you:

1. You are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition either by cash, guaranteed student loans, or personal loans, and
2. Your total charges are not paid by any third-party such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

You are not eligible for protection from STRF and you are not required to pay the STRF assessment, if either of the following applies:

1. You are not a California resident, or are not enrolled in a residence program, or
2. Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party.

The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by students in educational programs who are California residents, or are enrolled in a residency program attending certain schools regulated by the Bureau for Private Postsecondary and Vocational Education.

You may be eligible for STRF if you are a California resident or are enrolled in a residency program, prepaid tuition, paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The school closed before the course of instruction was completed.
2. The school’s failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.
3. The school’s failure to pay or reimburse loan proceeds under a federally guaranteed student loan program as required by law or to pay or reimburse proceeds received by the school prior to closure in excess of tuition and other costs.
4. There was a material failure to comply with the Act or this Division within 30 days before the school closed or, if the material failure began earlier than 30 days prior to closure, the period determined by the Bureau.
5. An inability after diligent efforts to prosecute, prove, and collect on a judgement against the institution for a violation of the Act.

However, no claim can be paid to any student without a social security number or a taxpayer identification number. 7

12.3 STRF Assessment Rate

The Student Tuition Recovery Fund (STRF) assessment rate for enrollment agreements signed is $0.50 per $1,000 of institutional charges. STRF assessments are due at the time the student first pays their institutional charges, regardless of whether the student pays the institutional charges in increments.

The American Academy of English’s approval to operate in the State of California is based on provisions of the California Private Postsecondary Education Act (CPPEA) of 2009, which became effective January 1, 2010. The American Academy of English under Section 94802(b) of CPPEA will, by operation of law, be approved until August 9, 2013. The Act is administered by the Bureau for Private Postsecondary Education (BPPE), under the Department of Consumer Affairs. The Bureau establishes educational standards that are intended to serve as the minimum standard for instructional quality and institutional stability for private postsecondary schools in California. The Bureau responds to student complaints and oversees a fund designed to help reimburse a student's tuition if a school closes unexpectedly.
